

ATUL FASTENERS PVT. LTD.

Manufacturers and Exporters of Screws, Bolts, Nuts & Washers

About Us

Atul Fasteners Pvt. Ltd. is an ISO 14001: 2015 IATF 16949-2016 certified company. It was set up in 1981 by Mr R.K. Luther (M.Tech. London) having 15 years of vast experience of working with different well known fasteners manufacturers in England.

We supply precision cold forged low/medium carbon steel; high tensile steel and stainless steel International quality fasteners to all national & multinational OEM's in different sectors of the economy like automobiles, consumer durables, electronics, construction industry, railways & oil refineries etc.

We have received more than 90% quality rating and many awards from all of our customers. We are also GREEN PARTNERS with various multinational companies across India.

Mission

- To delight our customers by supplying international quality fasteners on time at competitive prices by continuous improvement.
- To Provide our employees with proper training, equal opportunity and a safe working environment.
