

Automated

Attendance Management System

Vision

Our purpose is to automate attendance management processes and eliminate any excel sheet needed to track it.

Who Needs Tempus Central

Manufacturers with Blue Collar Workers

Corporations having Multiple Shifts and Complex Shift Schedules

Organizations where Overtime & Overnight Shift Management Required

About TEMPUS

Tempus is the newest version of 15-year-old software. As a part of a greater 25 years old organization, Compucare India Pvt. Ltd., Tempus Central reaps the benefits of its legacy experience and a strong consumer base. As a software development company at its core, CIPL's attendance management systems are being used by some of the biggest and most well-known manufacturers in India and abroad.

With vast experience of satisfying various HR professionals' needs in the manufacturing industry, Tempus takes care of most processes that go into managing blue-collar workers and staffing agencies. It is known to have efficiently managed labors and contractors entering a manufacturing facility.
