

India's 1st Unbleached Eco-Friendly Copier Paper

PACKMATE 100%

TREE FREE PAPER

Awarded-
SME Business Award 2023

Our Company

We at Shree Krishna Paper Mills (www.skpmil.com) strongly believe that brown is the future of paper making. The world loves recycled paper and so do we. **PACKMATE** denotes eco-friendly unbleached printing and stationery paper for your everyday needs.

We manufacture paper using 100% tree free recycled fiber without using any bleaching chemicals which are harmful to the environment.

Did you know that when you use **PACKMATE** paper you are saving upto 40% (30,000 litres) water than compare to white bleached paper and thousands of trees from getting cut!

Go the Brown way - Brown is the new White.

Use **PACKMATE** and experience the beautiful world of Brown papers with us.

PACKMATE[®]
 TREE FREE PAPER 

Difference Between Bleached & Unbleached Paper

Bleached white paper

1. Currently almost 80% of bleached papers available in the market are made from trees.
2. Currently all the bleached white papers available in the market are using harmful bleaching chemicals, whitening agents and other harmful chemicals.
3. Currently most of the bleached white papers are not made from recycled papers.
4. Bleached white paper use considerably more water during manufacturing than unbleached papers, by more than 50%.

Unbleached Paper

1. 100% Tree Free Paper - Everytime you use a PACKMATE product you save a tree from being cut.
2. Help save 30,000 litres of water for every 1000 kg of paper manufactured : (Unbleached paper uses 40% less water than what is used in making white bleached paper).
3. No harmful bleaching chemicals used in the manufacturing process.
4. Help to reduce climate change and global warming, plus decrease carbon footprint.

Benefits of PACKMATE

Save Water

Help save 30,000 litres of water for every 1000 kg of paper manufactured: (Unbleached paper uses 40% less water than what is used in making white bleached paper).
