About UNIGLOBE Shergill Travel

UNIGLOBE Shergill Travel is a travel management company (TMC) that specializes in managing the diverse and changing travel needs of companies and travelers across India and the world.

Our procurement and traveler services team has 31 years of combined travel management experience. Our focus is on ensuring that your company achieves maximum travel cost containment and traveler satisfaction through our procurement, support and travel services program – the UNIGLOBE Business Travel Plan.

Our value lies in bringing together the best of both worlds – the flexibility, responsiveness and market knowledge you expect from locally-based hands-on business ownership plus the buying power, knowledge and connections of a global brand and network. We collaborate within our global network on best practices, new technologies and multi-location accounts to provide time and money savings for enterprises of all sizes and scope.

UNIGLOBE delivers - **Travel Simplified.**

It sounds simple but with millions of fares, rates, taxes and fees, all changing every day across thousands of travel channels, we know how challenging it is to meet company cost-containment requirements, support travelers and control the time spent by all in the process.

At UNIGLOBE Travel our role is to support and help streamline this vital business activity for your company. Through the UNIGLOBE Business Travel Plan (UBTP), we offer powerful travel sourcing technology, the knowledge and skills of our procurement and traveler services team and the buying power of our global network to achieve your travel management goals.

Enterprise & trip-cost savings.

Reduce your annual travel expense by up-to 20% through automated pre-trip authorization, travel policy compliance monitoring and focused spend analysis.

Traveler services.

Best-in-class travel support services through accurate profiling and documentation, 7/24 access for pre-trip and enroute travel support and advice from a dedicated team of specialists.

Advanced travel support technology.

50% faster trip planning through our powerful online research & booking tool – accessed either directly or via our planning experts.
