Built on reliability, workmanship, professionalism, and integrity, we aim to provide a seamless service to ensure the smoothest finish to your valuable assets. Be it serving a customer for the first time or multiple times, we at Nitin Wire Group, strive to maintain excellent service in upholding our dependable reputation.

CUSTOMIZED  
FENCE AND  
MESH SOLUTIONS

## WELDED MESH

- We have the widest range of mild steel (MS), Galvanized Iron (GI), Stainless Steel (SS), PVC Coated Green welded mesh available.
- From the lightest welded mesh rolls 2mm up to heavy industrial wire mesh panels 8mm, we will have a wire welded mesh suitable for all your application requirements.
- Welded mesh is widely used in domestic and industrial applications.
- In workshops or factories, security mesh can be used for window grilles or as machinery guards.
- In warehouses, it can be used for racking, storing and as anti-collapse mesh.
- Use it in your garden for your plants and creepers or for animal care as aviary, rabbit and kennel mesh and other protective enclosures.
- In farming, feed racking systems, rearing cages etc. are often built with welded mesh.
- It can also be utilized in construction, civil engineering and transportation in addition to architectural mesh applications such as walkways, balustrades and cladding.
