Our Services

EXPERTISE

- **Green Building Facilitation**– USGBC, IGBC, GRIHA, Green Co, WELL, EDGE, PEER and Parksmart Rating.
- **HVAC**– Heating Ventilation and Air Conditioning System Design
- **ELEC**– Electrical Engineering Systems design and Architectural Lighting Design
- **PHE, FIRE & LS** – Public Health Engineering Design, Fire Detection and Life Safety System Design
- **BIM, IBMS & ELV**– Building Information Modelling- CADD, Revit BIM- Operational BIM, Design of Inter-grated Building Management systems and Extra Voltage Systems
- **EA, FLS & SA**– Energy Audits, Building Fire and Life Safety Audits, MEP Due Diligence and Sustainability Reporting
- **MSI**– Master System Integrators for Smart City/ Buildings (IoT Platform+ Operational BIM)
- **ESG**– Environmental Social and Governance reporting, GRI and Sustainability reporting
- **LCA & Research Projects**– Life Cycle Assessments, ECBC Cells, Research projects from BEE, Green Policy Development and Implementation Projects.
- **TPC**– Comprehensive/ LEED Third Party Commissioning
- **Simulations**– Energy and Lighting Simulations, Passive Design Analysis, Wind, Shading, Sun-path, Insolation, Microclimate CFD.

Environmental Social and Governance

With a track record of addressing the "Environment (E)" aspect of ESG, serving as solution providers and implementers - a rarity in the ESG market, we extend our expertise to cover "Social (S)" and "Governance (G)" components supported by in-house talent for holistic ESG solutions, we are also now a **GRESB partner**, further enhancing our capability to deliver comprehensive ESG solutions.

Our ESG vertical will assist you with services like:

- Understanding your Environmental, Social and Governance (ESG) impact
- Predicting potential climate-related challenges
- Analyzing and comparing your ESG performance with industry standards
- Staying informed about ESG trends and developments in your sector
- Assessing the sustainability of your supply chain

Why partner with LCES for ESG Services?

Our two major aspects of partnership

1. ESG audits & reporting- (GRI,BRSR,TCFD,CDP,SASB,GRESB)
2. Facilitate in implementing the 'Environment(E)' part of ESG for clients to achieve their vision of reaching net zero in coming years by offering services which includes- Policy development for ESG implementation, Green Audits, Net Zero Energy, Net Zero Waste, Net zero Water and finally Net zero Carbon.

What can you expect from LEAD Consultancy-ESG vertical?

- **Deep Expertise:** Our team comprises experienced professionals with a proven track record in sustainable design including net zero energy, net zero water, net zero waste and carbon neutral projects, ESG framework reporting, GHG Inventory, LCA for product & whole building, supply chain management etc.
- **Cutting-Edge Technology:** We leverage the latest AI influenced software and in-house resources to deliver world-class ESG services.
- **Industry Leadership:** Our team actively participates in research projects with government organizations, shaping the future of sustainable building codes like ECSBC and NBC.

Dear Lead Team,

We would like to express our sincere appreciation for your MEPF design service for the project BRIGADE TECH GARDEN of 5 million sqft building under one roof to us. We also appreciate your on-time deliveries of drawing and design solution, which has helped our design and site team immensely during the design and execution phases. Also, you were quick to resolve any issues that have arisen during the course of the project.

We look forward to associating with you for years to come and we hope you will continue to provide such excellent service to us.

Thanking you
